

PAC Chairperson: Tracie Johnson 623-2900

Elections Matter! It is estimated that 40% of pro-life supporters are not registered to vote. We have a new Political Action Committee (PAC) that is growing. This PAC supports and endorses pro-life candidates through an intense process of surveying and interviewing candidates. We also recruit pro-life individuals to run for office. This year, due to time constraints, our continued growth, and being fairly new, we were not able to survey as many candidates or look at as many races as we preferred. However, listed below are those the PAC did endorse for the upcoming election on Tuesday November 3. We know there are other great pro-life individuals that are not listed below, and we look forward to working with you in the future.
