God hates abortion but loves each of us beyond our imagining. Loving our fellow man, enemies and friends alike, is loving the LORD. We are, our brother’s keeper.

I am PRO-LIFE and appreciate your work in the Dayton area. I want to see Haskell’s murder place shut down.

We have always been an advocate for the unborn. We have always been an advocate for the unborn. I was going to send a donation to the Ohio chapter, but decided to support your local efforts.

Thank you for what you do.

As a Christian, I believe God creates every life with purpose and that He has a beautiful plan for every life He creates. I want to help people who choose life and support those that have, but struggle to make ends meet. I love the ministries of Dayton Right to Life so I’m giving today.

A long time ago, I was once a young mother who contemplated abortion, even though I was married at the time, but thank God I didn’t! Because my beautiful daughter and 3 granddaughters are a living blessing as a result of me deciding to keep my baby.

A long time ago, I was once a young mother who contemplated abortion, even though I was married at the time, but thank God I didn’t! Because my beautiful daughter and 3 granddaughters are a living blessing as a result of me deciding to keep my baby.
As we look back on 2020, a year which will long be remembered for the COVID pandemic, we consider it perhaps the most bittersweet time in our nearly 50-year history. In both the November elections and with new prolife legislation out of Columbus (see our Society report), we saw a great payoff for our 2 plus year efforts to enact two pro-life laws. As the election approached, our Society mailed platform comparisons of the two major parties on life issues to some 400 churches in southwest Ohio and widely promoted our candidate “slate cards.” After the election, we were awed by a payback for our 2 plus year efforts to enact two pro-life laws. The first bill, titled the Unborn Child Agility Act (SB 27), had its beginning in 2020 after the Planned Parenthood “baby parts” scandal. It requires the humane disposition (either burial or cremation) of all aborted children in Ohio. The second piece of legislation (SB 260) bans Ohio doctors from prescribing abortion-inducing drugs through the use of “telemedicine.” Although the abortion industry has now challenged both laws in court, we are optimistic about the outcome.

On the local front, our Society began a public awareness campaign against the abortion industry has now challenged both laws in court, we are optimistic about the outcome. Hence our lower attendance numbers, but we increased our assistance levels to help families sustain a 50-year history of Dayton Right to Life Action Coalition (RTLACO) in both the November elections and with new prolife legislation out of Columbus (see our Society report). In spite of the positive aspects of last year, the early signs from Washington in 2021 are alarming for the defense of human life. The assault on life is being now being waged on multiple fronts by the Congress (for example, appropriations without the traditional Hyde Amendment), and the appointment of strongly “pro-choice” bureaucrats to key positions by the new Administration. We encourage you to follow our emails and newsletters which prompt you to speak out to government officials. With your continuing prayer and support, we remain determined to promote a stronger culture of life in 2021.

What Can You Do for Us in 2021?

• Help organize a sermon series on first of life issues for your church or other organization.
• Make one donation, no matter how small, to the Society, our 501(c)(4) advocacy arm.
• Spread the word to your friends and neighbors on our Dayton Right to Life Foundation.

OUR ORGANIZATION

Our dual mission of action and advocacy is to protect the rights of the unborn, the elderly, the mentally handicapped, the handicapped, the disabled, and the terminally ill. We are working for a society in which the sanctity of human life is protected. Our Society is not a 501(c)(3) organization that advocates for proposed legislation and policies locally, statewide, and nationally to sustain the right to life (for life has no deductibles)

Dayton Right to Life

Determined to promote a stronger culture of life in 2021.
