

Dear

Over the past 6 years, Dayton Right to Life Foundation has worked strategically to increase its community presence and advocacy. Despite a short setback during the pandemic, our programs and activities are stronger than ever. Our goal is to create a culture of life in our community. We want to model and bring the pro-life ethic to the community, impacting not only families, but also our community partners. With partners like Dayton Childrens, Greater Dayton Premier Management, Childrens Services, and many more, we positively impact over 60 families EVERY WEEK!

But what does that mean? I often get asked, "What does success look like to you—you just give stuff away?" Well, read this story below.

During the week of April 8th, our Storks Nest Baby Pantry provided clothes, food, and diapers to 37 families and emergency diapers and food to an additional 21 families. We also sponsored 2 community baby showers and a parenting class that week. It was quite busy and our small staff was juggling a lot. At one particular event, one mom came over to me and said, "Thank you for the love" and gave me an emotional and lingering hug. She continued, "You looked so happy to see me today and you're always wanting to listen and take time with us—we always feel safe and comfortable here."

### "Thank you for the love."

I cannot express the joy I felt knowing that the families we serve, feel LOVE. Sure she appreciated the diapers and "stuff", but what she really appreciated was the experience and the interaction. Sharing God's love, hope, and compassion in our activities and actions will always be the first order of business at Dayton Right to Life. Kudos to our staff—no matter how busy we are—we always provide the LOVE.

To our donors and supporters: We don't just "give away" stuff. Our assistance and programs, given with love and dignity, provide hope for these families. With YOUR gifts, we are providing that gentle and loving presence that says, "we love you and are here for you." We are so appreciative of your support that enables us to love these families on your behalf.

So, friends, that is another successful week!

That's the good news! Unfortunately, we are living in tough times. Many families in our area are facing financial hardships due to unforeseen circumstances such as job loss, medical emergencies, or substance abuse issues. These families are struggling to provide basic necessities for their children or children put in their care.

As you read above, our pantries are making a difference. Every dollar counts and contributes to creating a better future for those who need it most.

We deeply appreciate your consideration and commitment to making a difference in the lives of these families. Your kindness and compassion matter more than words can express. As our mom said, "Thank you for the LOVE."
